18.2 Build Release Notes

We have introduced a new way for you to get information direct to Pinnacle about significant events or news that we want our users to be aware of.

1. New Welcome Panel overview

Welcome Panel has been created for Pinnacle Pro which gives us the Ability to broadcast messages to all users Pinnacle Users not just Management via email

We can create a Global notification of issues which we may experience for example.

If eBay was down we would be able to notify everyone that eBay is down right away

::Latest News::
General Broadcast Message!
From time to time we like to update you in real-time, about things which are happening or we want to help you with issues that you may have with Pinnacle Pro, or update you on Bug Fixes or Server Updates etc...

Date	Info
21/05/2010	We are now offering customers the opportunity to use the OPS API through a professionally designed WordPress theme.
22/05/2010	Please be aware that the Hollander International UK Offices will be shut this coming Monday 28th May for the Bank Holiday!
23/05/2010	provides solutions that enable automotive recyclers to sell more parts to more customers. Providing the Pinnacle Professional YMS - the most comprehensive yard management system available in Europe and Australia - our Professionals in the United Kingdom offer expert support and service, including full on-site implementation, ongoing training and advice on-site or in Edinburgh. We back our industry-leading solutions with a proud, 80-year tradition of innovation and the global resources of Solera.
